

Yeshiva of Nitra Rabbinical College

REPETITIONS

All repeated courses are counted in the number of student's attempted credits, but cannot be counted towards full time enrollment status for the semester in which the repeated course is taken, unless the student is retaking a course in which he received a failing grade.

Students will be allowed to repeat a course provided the student will then remain within the time frame required for satisfactory progress.

Repeated classes for a failed grade will not remove the failed grade from the GPA
